## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-5 and 8 are rejected under 35 U.S.C. 102(b) as being anticipated by Jin et al. (Macromolecules, Vol. 28, No. 14, pages 4785-4794).

The reference discloses a main-chain thermotropic liquid crystal terpolymers with biodegradable and/or biocompatible polymer. The terpolymer comprises p-hydroxybenzoic acid (PHBA), p-hydroxycinnamic acid (PHCA) and glycolic acid (GA). See Scheme 1 on page 4786 and Table 1 on page 4787. Also, see liquid crystal texture on pages 4788-4789, water absorption and hydrolysis degradation on page 4790 and conclusion on page 4794. The reference anticipates the claimed invention.

### ***Response to Arguments***

3. Applicant's arguments filed 6/30/05, with respect to the rejections of claims 1-10 under 112 first paragraph and Claims 1-3 and 5-10 under Stupp et al. have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground of rejection is made in view of Jin et al. in section above.

### ***Allowable Subject Matter***

Art Unit: 1756

4. Claims 11-17 are allowed.
5. Claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
